Painesville City's Recreation Park Receives Grant from Cleveland Indians

Painesville residents will notice some new improvements to their ball fields this summer. Painesville City and the Downtown Painesville Organization (DPO) received \$5,000 from the Cleveland Indians Charities Diamond Improvement Grant to make baseball and softball field improvements at Kiwanis Recreation Park, 301 Latimore Street.

Cleveland Indians Charities provides up to five organizations annually a grant to improve the quality of baseball fields in Northeast Ohio. The City and DPO received the funds in December 2017 and began improvements once the weather permitted this spring.

"We are elated to receive this grant from the Cleveland Indians. It's so important for teams to take pride in their home field and be excited to play," said Michelle LaPuma, director of public parks and recreation.

The majority of the funds were used to replace the backstop, fencing and repair the dugouts on Diamond 3. The City removed the existing backstop to help lower cost and repaired the roofs of the dugouts. The entire improvement project cost approximately \$20,000, with the City paying for the balance. Diamond 3 is used for the Harvey High School Varsity Softball team as well as various summer leagues and pick-up games.

The Mark Wood Experience to perform at the Mentor Civic Amphitheater

Remarkable Lake County Ohio welcomes the Mark Wood Experience live in concert. Hosted by the Lake County Visitors Bureau and the City of Mentor, the Grammy Award winner Mark Wood and the Mark Wood Experience will take the stage at the Mentor Civic Amphitheater, June 16, 2018 at 7:00 pm. Wood is best known as the World's Premier Electric Violinist, original member of the Trans-Siberian Orchestra, the Mark Wood Experience, and founder of Electrify Your Strings.

As part of this event, Wood and his band of five will be joined on-stage with members of the Mentor High School Orchestra (Mentor, OH). Ultimately, there could be as many as 20 orchestra students on stage, creating an extraordinary electrifying sensory event. Mentor High School orchestras include: Concert, Symphony, Mannheim Chamber, and the Cardinal Quartet.

This concert event is a direct outcome of an objective set forth in October during the visitors' bureau's annual meeting. The objective is to raise awareness to Lake County's remarkable fine arts community while creating a uniquely defined Lake County experience. Dockus, Executive Director Lake County Visitors Bureau said, "In October, our annual meeting became electrified when Mark and the Mentor High School Orchestra performed. This was a first for Lake County and the first for our annual meeting." Dockus added, "Having Mark return with his band and performing with the Mentor Orchestra will set the stage for many such events." When asked if the (Mentor) orchestra would like to perform with the Mark Wood Experience, without hesitation, Matt Yoke, Mentor High School Orchestra Director said, "Yes, we would love to be a part of this."

The Mentor Civic Amphitheater is located at 8600 Munson Road, Mentor, OH 44060. This is a family-friendly concert event. Free admission and free parking, food trucks, and beer & wine sales. Tickets are not required. For additional concert information see: <https://www.facebook.com/events/109001213288697/>

Three Things to Watch Out for When Signing a Business Contract

Whenever a person or business signs a contract they are creating a legally enforceable set of rights and obligations. Therefore, a [business owner](#) should always fully understand the terms of any contract he or she signs and the consequences of violating any of those terms. Because contracts can be loaded with confusing legal jargon, it is important to seek a lawyer with experience in business contracts to ensure the business contract adequately and fully represents your obligations and preferred objectives.

- **Terms of the Agreement.** The terms of the agreement are the most basic element of a contract. After a good faith negotiation, all parties to the contract should write the terms of the agreement in the most descriptive and clear manner. All parties to a business contract should be especially wary of any ambiguous terms, or any missing terms that could lead to ambiguity. While legal jargon can unfortunately be confusing to the layman, the terms have consequences for the parties to the agreement. For that reason, it is important to always have a business law attorney review all of your material contracts.
- **Risk Allocation.** In any contract, the parties will need to agree on the “allocation of risk.” While each contract handles risk allocation differently, most contracts place the risk of loss on the party in the best position to mitigate the risk. When the party in the best position to mitigate the risk changes, then the risk allocation also commonly changes. For example, a toy maker may be responsible for any damage to its products during the shipping and manufacturing process. However, once the purchaser of the toy receives the product, then the risk allocation would likely pass on to the toy purchaser. Another method of risk allocation involves representations and warranties. These are fairly common to understand and are common in many contracts. For example, the purchaser of a new car will likely have a set period of years (or a number of miles driven) where he or she will not be at risk for any serious mechanical problem that happens to the vehicle.
- **Dispute Resolution.** Absent an agreement otherwise, most disputes will be either [litigated through the court system](#) or settled beforehand by the attorneys representing the parties to the agreement. In recent years, however, alternative dispute resolution has grown in prominence – especially in business contracts. Alternative dispute resolution gives the legal authority to a private company to resolve the contract dispute. This approach to justice may be faster, more efficient, and less adversarial than litigating the dispute through a courtroom. On the other hand, alternative dispute resolution may significantly limit your access to evidence that could prove beneficial in proving or defending your case, and judgments resulting from alternative dispute resolution proceedings are often final and binding with limited or no appeal rights.

Because a contract involves legal obligations for your business, you should always speak to an Ohio attorney with knowledge of business contracts and any possible unintended consequences they may have on your business.

The Lake County Juvenile Diabetes Walk Family is a 501-3c non-profit organization that raises money to help people suffering from diabetes. Last year our team rose over \$8,000 for this great cause! This year our goal is to raise \$15,000 for Diabetes care. We cannot do it alone; we need your help!

Our education program began in 2009 to teach people what to look for or do in case they think a child or dear friend or spouse may have this dreaded disease.

Here is how you can help:

We are currently looking for education and entertainment sponsors. We have different levels of sponsorships available for marketing with us. No matter what level of sponsorship you choose, we will include your business name on our web page at www.lcjdwf.org (under the sponsors page) and present your flyers and/or business cards out at our various events. In addition, services and monetary contributions are also greatly appreciated, for the purposes of education and entertainment, children's activities, musicians, entertainers, prizes and equipment. We could also utilize gift baskets, gift cards, and other items for our event raffles at various events.

We have many opportunities available to market our sponsors! Some of the local events we attend are Painesville Party in the Park, train exhibits, and our own events including Discovery Health and Wellness Fair, Painesville Twp. Family Fun Day, and a diabetic friendly Halloween Party for all ages; annual Fish Festival, Sports Show, and St. Patties Day at Harry Buffalo. There will be raffles at every show where you could donate an item or be the show sponsor.

We will continue our education programs at different locations each month. The various locations are to be announced via our newsletter web page www.lcjdwf.org and our Facebook page.

Some of our current sponsors include: The News-Herald, Gazette Newspapers, Lake County Women's Journal, Harry Buffalo Painesville Twp., Rideout's IGA, Shepp Electric, All State Ins., Asa Cox Realty, Jim Belding Monuments and Max Screen printing.

We are tax exempt, so your sponsorship donation will be considered a charitable contribution. By supporting the Lake County Juvenile Diabetes Walk Family, you are supporting Northeast Ohioans who are affected by this devastating disease. Please contact us if you have any questions about the Lake County Juvenile Diabetes Walk Family. We look forward to hearing from you and the chance of meeting with you in the near future. Thank you for your consideration! Please make all checks payable to Lake County Juvenile Diabetes Walk Family (LCJDWF).
